SUMMARY

Software Engineer with hands-on full-stack experience in developing web applications using .NET, SQL Server, Angular, and React. Experienced in building APIs with clean architecture, integrating frontend and backend components, and contributing effectively in agile team environments. Adaptable and quick to learn, with a strong focus on writing reliable, maintainable code.

WORK EXPERIENCE

- **Experion Technologies (India) Private Limited** **Oct 2024 - Present**
Associate Software Engineer
Worked on full-stack development of maritime and warehouse management web applications.
 - Developed .NET Web APIs using the CQRS pattern with MS SQL Server, supporting core workflows in a maritime domain web application.
 - Performed backend debugging, validation, and data consistency checks to ensure reliable data flow.
 - Later contributed to full-stack development for the maritime application using React, working on UI components with hooks while also developing and integrating .NET APIs and SQL queries.
 - Developed React-based UI screens using hooks and functional components, integrated .NET APIs, and enhanced user interaction flows for maritime data views.
 - Contributed to frontend development of a warehouse management web application using Angular, building data-intensive UI screens with grids and pivot-style components.
 - Integrated REST APIs, implemented client-side validations, and added unit testing for Angular components.
- **Experion Technologies (India) Private Limited** **April 2024 - Oct 2024**
Associate Software Engineer – Trainee
 - Attended structured training in HTML5, CSS3, SQL, Angular, and .NET
 - Contributed to the development of an internal software deployment tool using Angular and .NET with SQL Server.
 - Worked on implementing core features and supporting application workflows for remote software installation.
- **Python Django Intern, Imat Global** **Dec 2023 - Mar 2024**
 - Strong knowledge in Python programming language.
 - Experience with database management using Django ORM.
 - Acquired skills in HTML, CSS, Javascript, Bootstrap, Python, Django, MySQL.

PROJECTS

Software Deployment Tool

Nov 2022 - May 2023

- Developed an internal web-based tool to enable remote software installation across employee systems.
- Implemented core workflows to support application deployment and management without manual installation.
- **Technology(s) Used:** Angular, .NET, SQL Server, HTML5, CSS3

SKILLS

- **Programming Languages:** C#, TypeScript, JavaScript
- **Backend Technologies:** .NET (Web APIs, CQRS, Entity Framework)
- **Frontend Technologies:** Angular (TypeScript), AngularJS, React
- **Version Control Tools:** Git, GitHub, Bitbucket
- **Databases:** MS SQL Server

EDUCATION

B.Tech in Electronics and Biomedical Engineering

Jul 2019 - Jun 2023

Model Engineering College, Thrikkakara

Aggregate: 6.7

Higher Secondary

Jun 2017 - Mar 2019

Le Mer Public School, Thriprayar

Aggregate: 74.4%

- Specialized in Computer science.

High School

Jun 2016 - Mar 2017

Le Mer Public School, Thriprayar

Aggregate: 85.5%
